

Are Your Employees Putting Your Company or Coworkers at Risk?

The bottom-line costs of employee fraud, waste and abuse are high. Worse yet, potentially violent employees pose the threat of physical danger in the workplace. Are you doing all you can to prevent these problems?

Christopher T. Marquet of Marquet International, Ltd. and **Daniel J. Blake, Esq.** of Bulkley, Richardson and Gelinas, LLP, will lead an interactive discussion addressing the practical and legal aspects of “**Employee Integrity and Misconduct**”, from prevention and detection to investigation and response. They will help you better understand how to protect your business without running afoul of state or federal law. Chris is an industry veteran and specialist in managing business risks for organizations of all types. Dan has advised employers on all types of employment issues including compliance matters, internal investigations, employment policies, disciplinary actions and litigation-avoidance strategies. Both Dan and Chris bring years of experience in the employment field.
