Christopher Marquet, Founder and CEO of Marquet International Ltd. has twenty-four years of experience in the investigative, litigation support, business intelligence, and security consulting industry. Mr. Marquet gained his extensive experience from a broad range of industry sectors and clients, including public and private corporations, financial institutions, law firms, governments and high profile individuals.

From 2002 to 2005, Mr. Marquet was a founding principal of Citigate Global Intelligence, where, as a member of the company's executive committee, he was responsible for the firm's overall business development. Prior to Citigate, Mr. Marquet was with Kroll Associates in a variety of operational and management positions, most recently as Executive Managing Director.

During his career, Mr. Marquet has been involved in thousands of business intelligence, investigative, litigation support, and security consulting projects around the world. These matters have included due diligence; general litigation support; investigations into intellectual property theft, environmental disputes, fraud, workplace violence, and employee misconduct; hostile takeovers and proxy battles; competitive intelligence, corporate security; executive protection; crisis management and insurance disputes.

Mr. Marquet is the author of numerous articles and has lectured extensively on the topic of due diligence, business intelligence, internal investigations, fraud, employee integrity, workplace violence, kidnapping, terrorism, travel security and crisis management.

All members and guests are welcomed.
